

CLICK FIX

PRE-SOLDERED REPAIR PATCH

One 'Click' and it's fixed!

The One Stop Fix to a leaking pipe. Ideal for use when a pipe leaks in the most awkward place. Simply add some flux to the Click Fix, click onto the pipe and over the hold, then heat until a seal has been made. No need to replace original pipework and the repair is completed in minutes!

Cost Effective Solution

Repairs can be made without replacing pipe work.

Peace of Mind

The one stop fix to a leaking pipe, essential to carry in tool bag!

Easy to Install

Pre-Soldered repair patch can be installed in minutes

Long Term Reliability

The Click Fix offers a permanent fix.

A must or the toolkit for when that emergency comes!

- ✓ Available in both 15mm & 22mm
